

N CLCN Website Spotlight

As a regular feature of this and future newsletters, we'd like to draw your attention to our ongoing efforts to update the **NCLCN website** so that it better serves our statewide stakeholders.

For this spotlight we'd like to direct you to the **Helpful Links** portion of our **Resources and Tools** section, where we have posted a summary of links relating to full service community schools. Originally developed by the US Department of Education, this list of links provides a wealth of information about community schools and organizations supporting the community school or full service community school movement. Since one of the goals of the Nebraska CLC Network is to promote the development of community learning centers, we thought that this would be a great opportunity to pass this information along to you.

Let us know if you have any other resources that you think should be posted here.

We are continually updating the content of our website to provide our partners with access to the most useful resources and information for building school-community partnerships.

Let us hear from you...

If you haven't already done so, please visit our web site and take a couple of moments to fill out a **Partner Form**.

This is our way of getting to know you and your interests so that we can serve you better.

As always, feel free to contact us with your questions, comments or other feedback. Direct your emails to Jeff Cole at:

jcole@nebraskachildren.org

Enjoy the color that is sure to come over the next few weeks!
